

Jorge Harrington

April 29, 2024

### **Jorge Harrington's Rapid Bio**

I got into acting in 2020, I was trying to make a commercial for my books since I'm an author. However, I got introduced to acting when I auditioned for a part in a short film titled *The Ripper Bits Back*, filmed in Boise, Idaho.

My passion started on January 1st when I was offered the lead in the film. It was a student film, but it opened the doors to many things. I'm still currently acting in films.

I've grown up in Ontario, Oregon most of my life, but I have worked with the Idaho Film Community for almost four years. I've played roles in films titled *The Virus*, *Shavings*, *Dragon Fever*, *The Caretaker*, and *8330*. My agent's name is Rosie Anderson. She's amazing to work with.

I'm currently attending Boise State University to obtain my Psychology Degree and possibly get a minor in Film. I got my GED in the year 2005, 2 years ahead of my class.

The special skill that I'm able to share with the world is my writing. I've published six books - self and traditional - and written over sixty scripts. I'm a film Director as well, I've directed movies titled: *Donuts*, *Bead & Water*, *Shavings*, *The Virus*, and *Sky Priestess*.

I'm currently writing three scripts for films that are being produced for the Idaho Film Family Competition and the I48 Film Competition. Those scripts are titled: *The Legend of The Lechuza*, *The Letter*, and *"I Beg You"*. Further, I've also written a script for a comic book for an artist and will be published and released at Gem State Comic Con for 2024, titled *The Rescue of Amelia Ruby*.

I have many awards from film festivals obtained through Filmfreeway. Awards like Best Director, Best Actor, Best Actress, Best Child Actress, Best Makeup Artist, Best Story, Best Art Director, Best Story, and Best Short Film. Since my passion is writing, the award I'm most proud of is Best Screenplay for the script titled: *Dedication*.

I'm a huge Marvel fan. I cannot wait for Avengers: Kang Dynasty and Avengers: Secret Wars. I touched on it before, but I love to write, which means I love to read. Right now I'm reading Fairytale by Stephen King. Another hobby of mine would have to be filmmaking. It's in my blood now and it's there to stay.

I have my CDL and it's used so I can drive a bus for infants and toddlers at OCDC *Oregon Child Development Coalition*. Our community is in dire need of truck drivers and bus drivers. Donating my time for that brings me great joy.

Sincerely,

Jorge Harrington
